## Alumni News

### HELLO ALUMNI

**Murtice Robinson Sherek '61 & Anne Hermanson Smith '70** Co-Presidents, Saint Marys School of Nursing Alumni Board

The Alumni Board has been involved in very interesting projects since the SMSN reunion and banquet in September 2015. Representatives from Methodist-Kahler School of Nursing, the Saint Marys School of Practical Nursing and our board have had discussions regarding the archiving of the histories of our schools and the memorabilia that has been collected. Topics included ideas for celebrating the final Reunions of our schools in 2020 and how the future may look...stay tuned.

The *special* class celebrations are now down to just 3 years (50, 55 and 60), as we no longer have a class celebrating 45 years since graduation. That leaves a strange emotion after so many years of class celebrations...maybe Anne'70 will comment on her class and some of the different training methods used with her class (the babies).

I wish you well and know you will have a great time if you are able to come to Rochester in September!

*Murt '61*

As Murt said, it seems very strange not to have as many Milestone classes being honored as in the past, but the reunions continue to be great celebrations. In the spring of 1967, as I awaited high school graduation and looked forward to attending SMSN in the fall, a letter arrived from the school. It informed the future class of 1970 that ours would be the last to graduate from Saint Marys, and explained the difficult and momentous decision to close the school. I remember that it said the school hoped we would still want to attend and pledged to continue to uphold the highest standards throughout those final three years. SMSN and the good

Sisters were true to their word. We were the beneficiaries of an excellent nursing education and I'm sure I speak for all my classmates in saying that we were (and still are) very proud to be Saint Marys grads!

Because one of the main reasons for closing the school was the "handwriting on the wall" regarding the move toward collegiate programs, our days at Saint Marys included taking basic liberal arts classes and all of our science classes at what was then called Rochester Junior College. Most of our time the first year and some of it the following years were spent at the college, initially making the trek (in all kinds of weather!) to an office building near downtown, and then later riding a bus out to the new RSJ campus. College credits were earned, which certainly were of help to those classmates who went on to get their degrees. It was a unique blend of being "college students" as well as nursing school students, and was further evidence that SMSN was always committed to being in step with the times. Hope to see you in September!

### 2015 ANNUAL MEETING MINUTES

Saint Marys School of Nursing Alumni Association Annual Meeting was held September 12, 2015.

The meeting was called to order by President Murtice Sherek.

A short speech was given by Sandra Fostrom Hayes, President of the Class of '65 on the occasion of their 50th reunion. The Secretary's report, by Barbara Leland Rasmussen, of the Alumni meeting of September 2014 was read and approved.

Treasurer's Report by Marilyn Ricard Sheehan was read and approved.

Murtice Sherek '61, President, remarked that the present Board had volunteered to remain in their positions until the final reunion in 2020. Anne Hermanson Smith '70 will become president in September 2017. A motion was made and carried to approve the transition.

Anne Smith and Murtice Sherek met with the Methodist-Kahler Alumni regarding organizing a group to work on preserving the archive for both Schools within the Mayo system. In appreciation for past service to the Alumni Association, Brenda Rossman, Monica Van Kirk Mellum, Mary Price and Virginia Wentzel were presented with an oil painting of the Saint Marys Cap and Pin by Marlyn Boyd.

Wanda Olson Samuelson, class of '68 was introduced and acknowledged for her hard work in producing the newsletter. Angela Ridge Skala presented quilts make for the 10 members of the class of 1965 who served in the Vietnam War. The Saint Marys School song was sung and the meeting adjourned.

Respectively submitted,  
Barbara Leland Rasmussen '68, Secretary

## MARIAN HALL ALUMNI ROOM

By the time the annual reunion for 2016 comes around, I hope the Memorabilia Room will be completely cataloged. We have been working on this for years and the majority of it was completed several years ago. Every slip of paper, book, photo album, scrap book, etc., has been recorded. I have been remiss for not recognizing the many people who have contributed material to our Alumni room. We did receive a prize collection from the family of Margaret Donovan Asa, class of 1939. Margaret did not, and I mean did not, throw anything away while she was a student. Every book, syllabus, note, etc., has been saved. With some creativity all of these treasures can be shared in a display.

I am a member of Mayo's Department of Nursing Committee. This committee is composed of like history buffs that are preserving nursing history. This is hard to do in the digital age as emails are used to relay information and eventually lost. I wrote an article for Department of Nursing "Insight", a weekly information paper (of course it is online) for all nursing personnel to keep updated. The topic was the flu epidemic of 1918 and how it affected Minnesota and Rochester. This was published just in time for the push for the flu vaccine. We are working on a poster presentation to be submitted to the American Association for the History of Nursing at their annual meeting. (The Memorabilia Room will be open Sunday.)

*Virginia (Virge) Wentzel '59, SMSN Archivist*

**FYI:** Virge helped with an article for the Korean War Educator on the SMSN grad featured in the 2015 Newsletter: Lt. JG Alice Stella Giroux '32, who died in a military air crash in the Pacific in 1950. Check out the article on Korean War Educator: Topics - airplane crashes. This was off the island of Kwajalein. Google has information, also. Her picture is one of the hundreds in our files.

## COMMEMORATIVE PROJECT DEDICATION

### Dedication of Alumni Plaque

If you attended the Saint Marys School of Nursing Plaque Dedication in 2014, or have viewed the Plaque, you have probably noticed the lettering error. The Plaque is located on the first floor of Saint Marys Hospital, Second Street entrance, in the hall behind the gift shop.

This is the fix: "the lettering that was on the wood had set into the finish of the wood, therefore we could not take the lettering off to fix the typo. That was something we had not seen in any of our exhibits. What we decided to do is create a brass plate that affixed to the front of the exhibit with the correct content and spelling. It looks very nice and I hope it meets your expectations.

## CONGRATULATIONS CLASS OF 1966 JUBILEE REUNION!

**Claudia (Coates) Richards:** My life as a nurse began in a pediatric office in Kansas City, MO, immediately after graduation. I was fortunate to have a Mayo Clinic Fellow as my boss! I stayed with the same group until 1992, then worked in pediatrics as a triage/allergy nurse for Humana for 8 years, but was hired back as Nurse/Supervisor/ "Jack of All Trades" by my original office! I retired after 44 years of working with wonderful children, families, doctors and nurses. My training prepared me to be a knowledgeable and caring R.N., so I will always be grateful for the experiences and friendships gained at Saint Marys School of Nursing.

**Char Gaspard Benson:** My work after graduation was in the O.R., first at Olmsted County Hospital. Then I worked for a cardiologist in NY, returning to MN in 1976, and have resided in Champlin ever since. I worked for 23 years at Mercy Hospital in Coon Rapids in the surgery department, retiring in 2003. I then did a little teaching and home health, but fully retired in 2007.

**Karen Messersmith Zahasky (Smitty).** After graduation, I moved to Minneapolis with my roommate, Sharon Nadreau. During our interview at Fairview Southdale, we both stated we would like to work anywhere BUT OB. Of course, our first day on duty we both reported to OB! (That proved to be our first nursing error - never say where you don't want to work!) I worked there until Sharon got married and then moved back to Rochester and worked in the 3D CCU until I got married. From 1970 - 1980, I worked at Olmsted Community Hospital as the OR, Recovery Room and CS Manager. My work experiences have also included med-surg and ICU in Iowa, performing medical assessments for the State of Arizona Medicaid program in Tucson, and working for Aetna Health Plan as a concurrent review utilization nurse. I earned my bachelor's degree during that time, with Aetna paying all the tuition! When UnitedHealthcare purchased Aetna's membership, I was promoted to Manager of Care Coordination, and later was able to work part-time and telecommute as Manager of Grievance and Appeals. I retired in 2009 and moved closer to a daughter in Santa Rosa, CA. I have enjoyed every aspect of my nursing career and grateful for the opportunity to attend such a wonderful school and make friendships that lasted over the past 50 years. Saint Marys has blessed my life!!

**Kathleen Igou Hoopman:** I reluctantly let my license expire last August as I didn't have the 24 credits for renewal and couldn't bring myself to do it online. The only reason I would have liked to keep it up was to use it in the Medical Reserve Corps, but they will just have to use me for unlicensed duties. I had a varied career: ICU, Nursing Home, Home Care, Public Health, Immunization Clinic and Disease Prevention Services, with a smattering of other stuff. I retired in 2011 from school health at a small local school, That was a nice part time job that afforded summers off!

**Sadie (Sharon Sadewasser Gentsch)** I had a varied career, which ended following 17 years as a certified legal nurse consultant. I never would have imagined doing that, but loved being a "detective" with medical records, plus lots of research. Since retiring 3 years ago, I volunteer with the Public Health Medical Reserve Corps, assisting with school physicals, flu shots, whatever is needed. It is fun reading everyone's stories. I spent my service hours on rehab, where I learned a lot

about how to face life, such as from a patient who spent most of his adult life in an iron lung following polio. I'm looking forward to seeing you all next year.

**HR Shaffer Schuette:** I am retired, but finished my career as a Certified Diabetes Educator. I volunteer every year at the Minneapolis Diabetes EXPO in October, so for one day I get to be an educator again. If any are attending EXPO this year, please stop and say hello!

**Barbara (Wenner) Conway:** Molly Berry Maxwell and I talked about who might still be working these days. She is doing some employee health work occasionally, and I finally went PRN in January. I work a couple of days a week in Endoscopy and take some call as well. So nice to finally manage my schedule, but I am not ready to give it up entirely. I am wondering if any others are not yet retired, and what sort of work classmates did after graduation? Won't it be fun to compile an account of all the great careers we had or still have? Looking forward to our 50th year celebration.

**Marie Roiger Koldborg:**

In September 2014, Marie was named as the outstanding nurse educator by the Minneapolis Saint Paul Magazine. She was nominated for this recognition by her nurse associates. "It wasn't a job when we started. It was a profession," says Koldborg of nurses her age. "I was taught by nuns. They said, "You're never going to get anywhere if you sit back and wait for someone to do it for you." So Marie didn't. And that's added up to 48 years of nursing. 24 years in pediatric emergency, and 15 year as an instructor herself, teaching courses on pediatric emergency nursing to more than 4,000 students, - not counting the new nurses she's mentored. Marie models positivity. "My emotional center hasn't changed much over the years. I love children and caring for sick children, in spite of the stress."

From Adam Holland, MS, RN, NE-BC Mayo department of Nursing : As there have been many books written about the physicians of Mayo, it was a great honor to be involved in a book about Mayo nurses. Virge Wentzel was a great help, content reviewer, and answered many questions. The book is available online through the Mayo Store: <http://store.mayo-clinic.com/products/bookDetails.cfm?mpid=162> or at gift shops and the Mayo Store.

## Saint Marys Hospital Carpenter leaves Unforgettable gift

ROCHESTER, Minn. (KTTC) -- On a typical day back in 1917, a humble man from Wisconsin, down on his luck, appeared on the steps of Saint Marys Hospital looking for shelter and a fresh start at life.

The man called himself Joseph Howlett, and was quickly recognized for his handyman skills.

His life before Saint Marys remains to be a mystery, but he roamed the halls of the hospital, doing carpentry work and performing other odd jobs for the rest of his years in exchange for a small salary, food, a home and a family.

"After he retired he even helped the sisters peel the vegetables and section grapefruit for the diabetic patients and he had a great love," said Sister Lauren Weinandt, who knew Joseph when she began working at Saint Marys in 1956.

He quickly earned the title "Joseph the Carpenter" for all of his hard work.

"Of course we know how holy St. Joseph was, but it's kind of a little parallel," said Sister Lauren.

She said Joseph could often be found in the chapel, where one of his handiworks is displayed year after year during the holiday season: the manger for the nativity scene. Joseph gave plenty to Saint Marys Hospital while he was there, but it was after his death in 1960, when the sisters discovered his extraordinary gift.

Behind a picture in his room were a note and the collections of his meager salary and bond investments, which totaled to \$10,000. He wished his money to be put into the Sister Joseph Endowment Fund, which provides financial aid for nursing students.

To this day, Joseph remains one of the largest donors to that fund, and has a special mention in the fund's mission.

## ROCHESTER SITES OF INTEREST

The Memorabilia Room in Marian Hall will be open Sunday. Independent tours of Saint Marys are available. Pamphlets are located at information sites in the hospital.

If you have a car and some extra time I would highly recommend a tour of the Mother House, Assisi Hgts. Mayo is utilizing a large portion of the house and the sisters all have newly remodeled rooms. No car, catch the Rochester Trolley and have them drop you off and pick you up on the next tour.

## REUNION PARKING AND LODGING

Free parking is provided at all PUBLIC meters/ramps after 5:00 p.m. during the weekday and at all times on weekends. **There is a fee for all Mayo and Kahler (\$16, +tax) parking ramps.**
