Match Exceptions Policies

SOCCA Program Director's Advisory Council (PDAC)

SOCCA Match Exceptions

- The SOCCA PDAC acknowledges the use of the SF Match for the Fellowship Application and Matching Process
- SOCCA recognizes an “Exception Agreement” process that may occur prior to the date in which rank lists are due but before the agreed upon date by the SOCCA Program Director’s Advisory Council.
- There are six agreed upon instances where a program and an applicant may agree to use an Exception Agreement
- All programs and applicants must still register and complete their rank list in the SF Match

Match Exception Approved Instances

Applicants who meet the following requirements may participate in a match exception agreement with a single program:

1. Active military service at the time of application

Match Exception Agreement within SF Match

 - Both parties are committed rank each other to match in the SF Match

Agreements Must Be Offered and Completed Within the Following
Timeframe: **March 31 – May 12, 2023**

Tips for Candidates

- Review the rules for the Match Exception Agreement Process. If you meet the criteria for an exception agreement, alert the program at the time of your interview.
- Ask Program Directors if they participate in the Match Exception Agreement Process.
 - Not all programs will use this process and will proceed with standard SF Match timelines and rules.
 - Some programs may only offer exception agreements for certain instances but not others. Please clarify with each program.
- If you plan to participate in a match exception agreement process, be prepared on 3/31/23 to discuss offers you receive and respond in a timely fashion.
 - You are offered 72 hours to finalize a decision with a program. Please recognize that if you are entertaining multiple exception offers this may prevent someone else from getting an offer in a timely fashion.
- It is acceptable to discuss this process with PDs on the day of the interview, but no offers can occur prior to the opening date (3/31/23).
- If you do not meet criteria for a match exception agreement process, it is encouraged for you to inquire with individual programs regarding how many positions in the match they offer through the exception process and the agreement process. Please note that once exceptions are offered and finalized, they will be posted on the SOCCA website for all candidates and programs to view after 3/31/23. <https://socca.org/fellowships-overview/>

Clarifications

- Match Exception Agreements were developed with the intent of prioritizing applicants that have extenuating circumstances limiting full involvement in the Match
- Match Exception Agreements are not “out of the match” positions. The SOCCA PDAC does not endorse “out of the match” positions and encourages all programs to use the SF Match process.
- Match Exception Agreements are not considered “match violations” if completed within the rules and policies of the Match Exception Agreement outlined in this document and located on the SOCCA webpage.
- Applicants and Programs are encouraged to report or inquire about instances that do not seem to align within the SF Match rules and/or the SOCCA Match Exception Rules.
