

School of Continuous
Professional Development

Unparalleled Professional Education

Mayo Clinic School of Continuous Professional Development (MCSCPD) offers unparalleled professional education resources that enable healthcare professionals across the world to provide superior medical care. Learners receive high-quality education from Mayo Clinic experts that can be immediately applied to clinical practice, delivered in a format that best suits your needs.

MCSCPD is proud to offer unique learning experiences for today's healthcare professional:

- More than 1,700 live, online and blended learning activities offered per year
- Subject matter experts in multiple specialties
- World-class resources combining clinical practice and research through education
- Innovative, integrated, and collaborative learning environments
- Faculty and staff committed to a culture of equity, diversity, and inclusion, and the promotion of health equity within the communities we serve
