

Orientation Parking

You may park in any of the unmarked stalls in the brown areas of Lots 29 or 30, or Ramp 9; do not park in any stall signed for Valet, DAHLC, other reserved uses in these areas. To access Ramp 9, please push the button on the stentofone to have Security let you into the ramp.

After parking, you will need to walk (about 5-10 minutes, along the path marked by the blue line) southeast to the Siebens building, where orientation is being held. Please follow the map below.

Please note, this parking is for your orientation date only. If you receive a parking citation during orientation, and are parked in an allowed spot, please email msgmeorientation@mayo.edu.
